SUMMARY

AI/ML intern at Rakuten India with hands-on experience in RAG systems, LLM-powered pipelines, and NLP model training. Co-authored an IEEE paper, published at Springer, and filed a patent, all within 6 months of joining. Passionate about building production-grade AI solutions.

EXPERIENCE

Technical Intern

Jan 2026 – Present

Rakuten India Enterprise Pvt. Ltd., Bengaluru

- Co-developed a RAG-based intelligent extraction system using DOM-aware chunking, Markdown embeddings, vector databases, and blended heuristic + cross-encoder neural re-ranking, achieving 97.5% accuracy across 4,800 query executions. Also worked on CIS Autoconfig for infrastructure configuration automation.
- Built LLM-powered automation pipelines for catalog data quality including pattern discovery, in-text validation, and multi-step data cleaning workflows processing 10,000+ records per attribute.
- Trained and evaluated span-based NLP models (BERT backbone) for structured attribute extraction, conducting model comparisons and performance benchmarking across multiple configurations.

Data Science Intern

Jun 2025 – Aug 2025

Cognify Technology

- Built analytical dashboards improving data visibility and reducing analysis time for stakeholders.
- Trained ML models for user behavior prediction, improving recommendation accuracy.
- Automated data extraction workflows, increasing processing efficiency by 40%.

TECHNICAL SKILLS

Languages: Python, SQL, C, C++

AI/ML/NLP: LLMs, RAG, LangChain, PyTorch, TensorFlow, HuggingFace, Span Models, Fine-tuning

Frameworks: FastAPI, Flask, Spring Boot, Pandas, NumPy

Cloud & Infra: Azure OpenAI, Docker, Linux, Git, Shell Scripting, Vector Databases

Data & Tools: MongoDB, Power BI, Matplotlib, Seaborn, OpenCV

PUBLICATIONS & PATENT

Patent (Filed, Pending)

DOM Aware Chunking and RAG-based CSS Selector Extraction

Application No: 2026-154381 | Filed: 08 Jul 2026

RAG-Based CSS Selector and Value Extraction from E-Commerce Pages Using DOM-Aware Chunking

Co-authored | IEEE Format | Rakuten India, 2026 (Under Review)

Real-Time Gesture Recognition for Numeric Drawing and Calculation

Published | 5th Intl. Conf. on 6G Communications & Signal Processing (SGCNSP), Springer | NTU, Singapore | Dec 2025

PROJECTS

Medical Chatbot with Local LLM Integration

GitHub

Built a medical chatbot using Next.js and local LLM via Ollama with MongoDB-backed conversation history.

Book Recommendation System - LLM

GitHub

AI-powered recommendation engine using LangChain, OpenAI embeddings, and Gradio for semantic matching.

EDUCATION

B.E., Computer Science & Engineering (Data Science)

2022 – 2026

RN Shetty Institute of Technology, Bengaluru

CGPA: 9.4 / 10

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals | AWS Certified: AI and ML
- NPTEL: Deep Learning | NPTEL: Data Science For Engineers
- DevOps Foundation (Great Learning) | Docker & Kubernetes (Udemy)
